Love for Jesus

A story is told of a priest assigned in a seminary who took his sabbatical year in Kolkata, India to work with Mother Teresa. Thinking back, he remembered how Mother Teresa received Holy Communion: her eyes and face glowed with love for Jesus as she expressed the desire to give him back her love completely. Then one evening when she was with a sick person, the priest saw the same glow in her eyes and face when attending to him. Reflecting on these two experiences, the priest discovered why. For Mother Teresa, that sick person was Jesus.
